

KAB Combustible Gas Alarm

KAB

Combustible gas alarm; comply with EN50194.

Features:

- EN50194 Approval
- High quality catalytic sensor
- Optional relay or valve output

Technical data:

Working voltage: AC220V/110V \pm 15%
50Hz-60Hz
Detecting gas: Natural gas, LPG
Working condition: Tem: 0-55 $^{\circ}$ C
Hum: \leq 95%RH
Response time: \leq 30s
Working method: natural diffusion
Preset alarm level: 10%LEL
